International students are encouraged to apply for the Dubai Government Health Card, which entitles its holders to low cost medical treatment at public hospitals and clinical. For more information, visit <http://www.dohms.gov.ae/MedicalServices/IndividualServices/HealthCard.htm>.

Students can also purchase private medical insurance from an extensive range of companies in Dubai.

Public Transport

BUS TRANSPORT

The Roads & Transport Authority (RTA) operates a clean, safe and inexpensive public transport network including 734 bus schedules on 79 bus routes. The bus fleet is made of top quality custom-built buses equipped with individual seats, air-conditioning, electronically operated destination display system and computerized fare equipment.

For information on bus routes and schedules, see RTA's website: www.rta.ae/wpsv5/wps/portal/bus_time_table. You can also use the "Wojhati" or Journey Planner electronic system that enables the public transport riders to select the right way to travel through real-time and accurate information to determine the most accessible transport mode according to the rider's location, destination and trip time. See <http://wojhati.rta.ae>.

TAXIS

Dubai has a fleet of over 5,000 licensed taxis and it is usually easy and convenient to flag one down. There are five major taxi companies that operate newer model cars, are clean and have seat belts including Dubai Transport (04 208 0808), Cars Taxis (04 269 3344), National Taxis (04 339 0002), Metro Taxis (04 267 3222) and Arabia Taxis (04 285 5566). Starting fares range from AED 6-7 depending upon the time of the day and the minimum fare is AED 10.

METRO

On 09 September 2009, Dubai launched a Metro transit system, slated to become the largest driverless metro systems in the world. The trains have separate classes of travel: a Gold Class and a separate 'Women and Children' class. Fares for normal class travel range from a minimum of AED 1.80 to a maximum of AED 6.50 for a single journey and special discounted fares for students have been planned for later.

The Nakheel, Mall of the Emirates and Dubai Internet City metro stations serve the University and Dubai Knowledge Village localities. Special feeder buses are scheduled to carry passengers to and from the Dubai Metro stations and the communities around them. For more information see the Roads & Transport Authority's website at www.rta.ae. Middlesex University Dubai also offers a free shuttle service which runs to and from the Mall of the Emirates Metro Station on a regular basis.
