

About the Campus Guide 2011 – 2012

Dear Students,

Congratulations on choosing Middlesex University Dubai as your university. I am delighted that you will be studying with us, and wish you every success in the coming years.

Making a transition to University life can be both an exciting and daunting experience. I hope that the information provided in the following pages will provide useful help and guidance and stimulate an even greater enthusiasm for your studies at Middlesex.

Middlesex University Dubai is the first overseas campus of the internationally renowned Middlesex University in London. Celebrating the seventh year of our existence in Dubai this year, Middlesex Dubai is already proud of its achievements – we have nearly 2,000 students from over 90 countries. This is no surprising achievement for Middlesex University though, as it is one of the leading modern universities in the UK which has a high population of international students of about 5,000 studying alongside 22,000 Londoners and other UK citizens.

During the induction programme you will be able to meet many of our teaching faculty and administrators, learn about what it is like to be a student at Middlesex University Dubai, and complete the registration procedures. We are all here to help you achieve your ambitions and goals, so please do take the time to participate in all induction sessions. Student volunteers and staff will be on hand during the day to help answer any questions you might have.

Along with this Campus Guide, our website www.mdx.ac contains a variety of information that you will find useful. I encourage you to also explore the UNIHUB, our student portal, at www.unihub.ac.uk. If you need more detailed information about policies and guidelines, you will find copies of the University Regulations in the Library and Student Office.

And finally, even though I know you will be working hard at your studies, do take time to enjoy your social life while at the University. Middlesex graduates are known to be creative, enterprising, self-motivated and enquiring; “It’s your world, what will you change?”

Professor Raed Awamleh
Director of Middlesex University Dubai
